**Our team at Beaumont Court Care Home are dedicated to providing excellent care for all of our residents.**

Our Stepney Green based care home creates a warm and friendly environment for residents, and you can expect a high standard of care from all the staff. Beaumont Court Care Home offers lovely views of Beaumont Square Gardens, and boasts a warm and homely interior.

The spacious residence is fitted with en-suite bathrooms in all of the rooms, and we encourage new residents to personalise their room to help them settle into their new home.

The home is wheelchair accessible and has a computer room and a hairdressing salon as well as our own pub. We also have our own in-house activities coordinator, who provides great entertainment for our residents and a daily program of activities.

## Our Care Philosophy

Our staff aim to uphold the highest standards of holistic and dementia care to all our residents, whilst also encouraging and maximising resident independence. We look to learn as much as we can about our new residents prior to them joining to provide the most suitable environment for them. Making sure all our staff are well-educated on every resident's specific

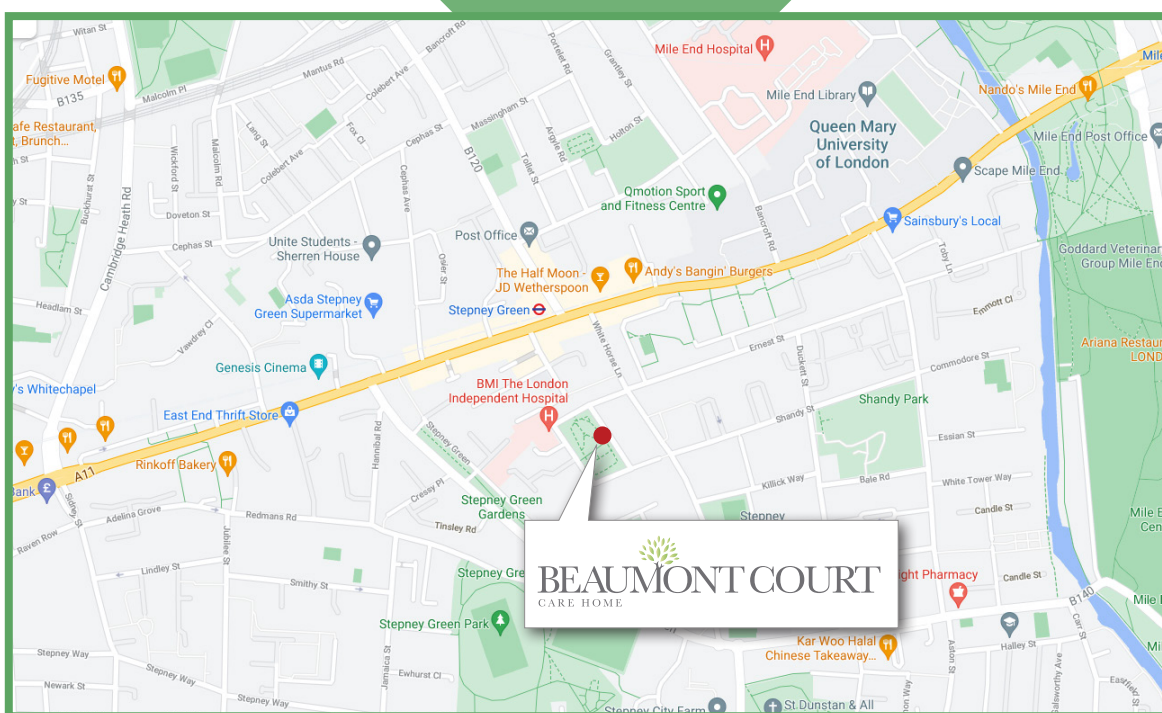

needs and requirements is vital for providing a safe and secure environment, so we also conduct regular assessments to update residents' personal care plans. Each resident is assigned a healthcare professional who will oversee their general care and make sure their wellbeing is upheld.
