Our team at our Kibworth Court Care Home go above and beyond to support our residents.

Set in the cosy village of Kibworth, our purpose-built care home on Smeeton Road provides a warm and friendly environment for our residents. Kibworth Court has 44 single bedrooms, each with plenty of room for personalisation and extra furnishings, and we invite residents to bring their own television. All bedrooms have en-suite facilities.

We are regularly visited by singers, entertainers, and an amateur drama company who provide great entertainment for our residents. During the summer months we organise a canal boat trip and take several trips to the local pubs and shops. Our staff also co-ordinate a daily program of activities in-house which has been generated by the residents, meaning every resident can express their independence.

the home!

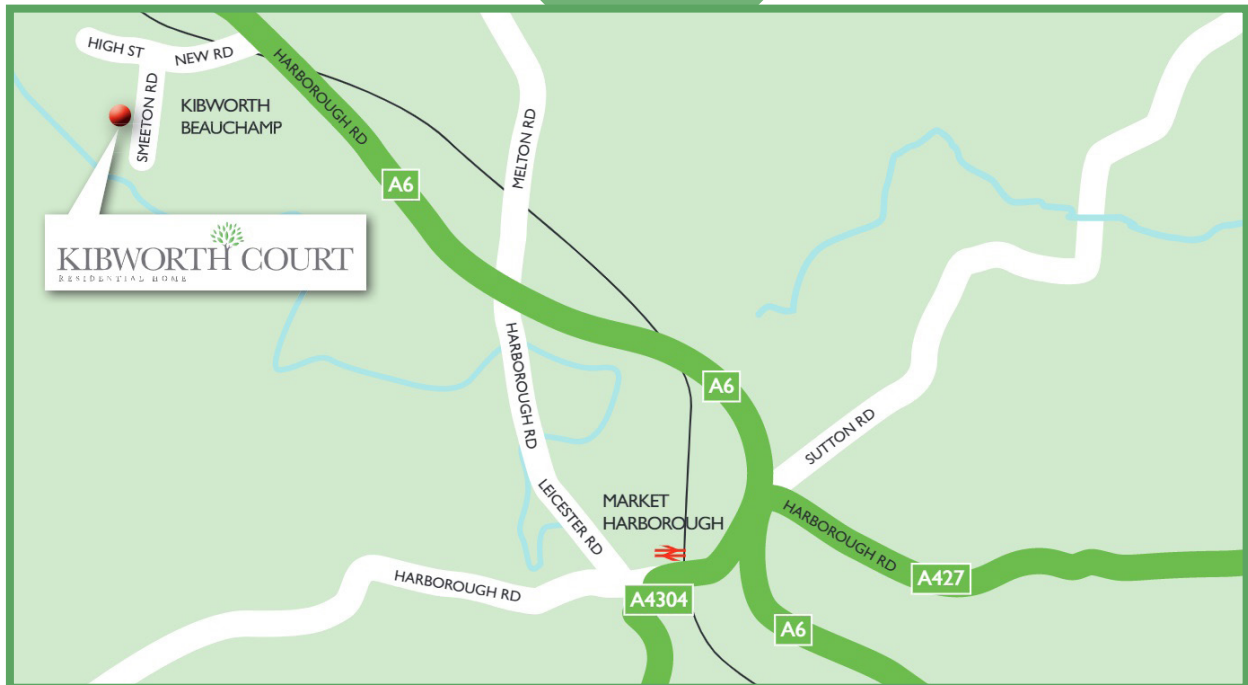

Our Care Philosophy

Our staff aim to uphold the highest standards of holistic and dementia care to all our residents, whilst also encouraging and maximising resident independence. We look to learn as much as we can about our new residents prior to them joining to provide the most suitable environment for them. Making sure all our staff are well-educated on every resident's specific

needs and requirements is vital for providing a safe and secure environment, so we also conduct regular assessments to update residents' personal care plans. Each resident is assigned a healthcare professional who will oversee their general care and make sure their wellbeing is upheld.
