Please
contact our
manager, Marta, on
01375 852 020
to arrange your
viewing of the
home!

You can expect a high level of care from our team at Willows Lodge Care Home.

We have a purpose built care home with accommodation being arranged over three floors. All of our bedrooms are large, airy and have en suite facilities. There are lounges and dining rooms on each floor and there is a wonderful garden which provides a pleasant outlook and restful area to relax.

We have a team of activities co-ordinators who work to ensure residents have access to a varied programme of activities, these can include: reminiscence, board games, reading, quizzes and arts and crafts.

Residents at the home are provided with freshly prepared, locally sourced nutritious meals and special dietary requirements can be catered for. Birthdays, anniversaries and special occasions are always celebrated at the home.

Our Care Philosophy

Our staff aim to uphold the highest standards of holistic and dementia care to all our residents, whilst also encouraging and maximising resident independence. We look to learn as much as we can about our new residents prior to them joining to provide the most suitable environment for them. Making sure all our staff are well-educated on every resident's specific

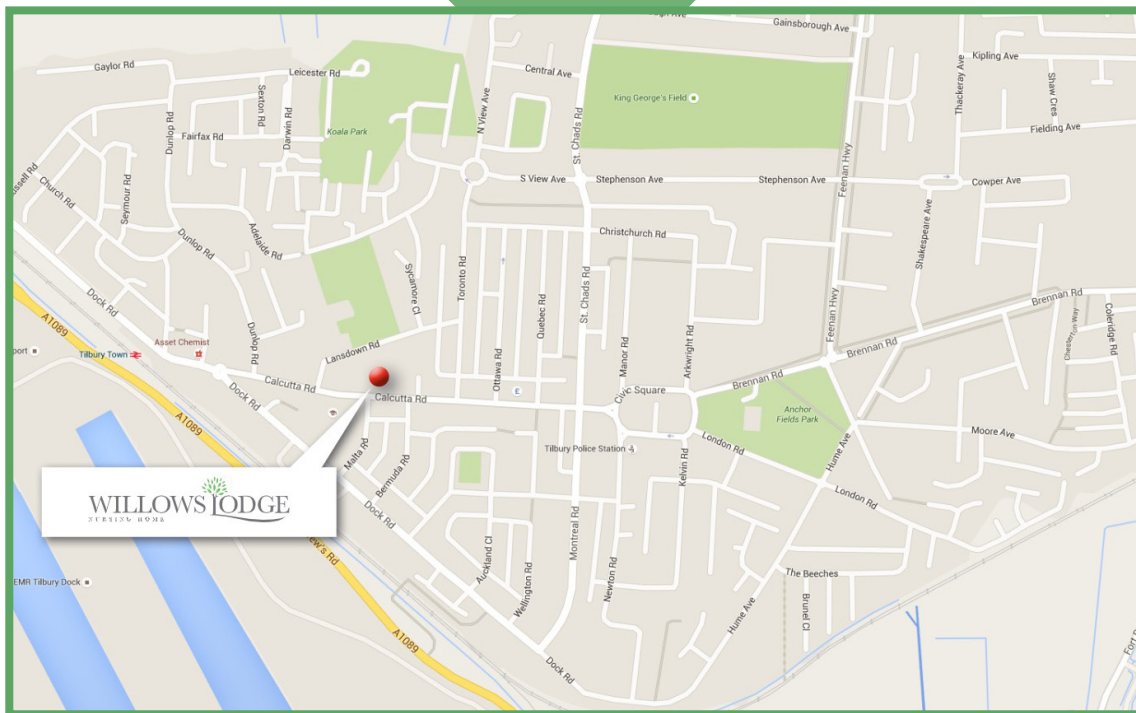

needs and requirements is vital for providing a safe and secure environment, so we also conduct regular assessments to update residents' personal care plans. Each resident is assigned a healthcare professional who will oversee their general care and make sure their wellbeing is upheld.
